

**LET'S GO LUNA!** is a new animated PBS KIDS series that encourages kids to explore and appreciate cultures from all over the world, while they build global citizenship and social skills. The series follows adventures of three friends –Leo, a wombat from Australia; Carmen, a butterfly from Mexico; and Andy, a frog from the U.S. – as they traverse the globe with their parents' traveling performance troupe, "Circo Fabuloso." At each of the Circo's stops, Luna the moon guides the trio as they experience the local language, music and daily life.
