

NATURE CAT is a new animated series designed to encourage kids to explore and develop connections with the natural world. The show follows Fred, a house cat who dreams of exploring the great outdoors. Once his family leaves for the day, Fred transforms into Nature Cat, “backyard explorer extraordinaire!” Nature Cat can’t wait to get outside for a day of backyard nature excursions and bravery, but there’s one problem: he’s still a house cat with no instincts for nature!

Fortunately, Nature Cat’s animal friends are at his side to share in his deep love for Mother Nature, passions for exploring the great outdoors, and swashbuckling wanderlust of old-fashioned backyard adventure.
